1969 Ford Mustang Mach 1

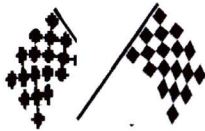

Owner: Treva Gonzales

1969 Ford Mustang Mach 1

Royal Maroon

Engine: 351 Windsor

Trans: FMX

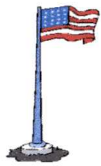

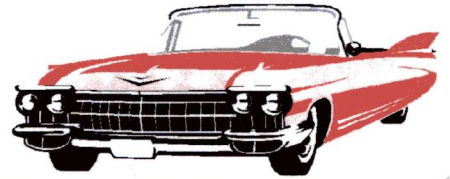

My Story,

I purchased from the 3rd owner, on June 17th 1987. We celebrate 20 years together this summer. I rebuilt the motor during the winter months of 1991-1992. I also had the 69 repainted the original color Royal Maroon back in 1996. We also painted the engine compartment about nine years ago. I purchased this classic to be my daily driver I seen it and had to have it ,I drained my entire savings account to buy this beauty. I'm a very practical person in all aspects of my life, except when it comes to Mustang's. Whenever I need a pick me up, I start the Mach 1 and listen to the motor and feel the rumble in my seat and take it for a ride and everything gets better.
